Chairman's Message

“We build long-horizon partnerships where trust precedes the trade.”

NEVIN TRADING was founded on a conviction that international commerce, when conducted with discipline and integrity, becomes an engine of shared prosperity. From our headquarters in Istanbul and our operating desks across Asia, the Gulf and the Mediterranean, we connect producers to markets and capital to opportunity.

Our group operates across food commodities, edible oils, coffee and cocoa, petrochemicals and structured trade finance. We move responsibly, we deliver consistently, and we measure success in the durability of the relationships we build.

On behalf of the NEVIN Group, I invite you to explore this profile and to consider how a partnership with our team can strengthen the trajectory of your enterprise.

Atilla Kaya

Chairman of the Board · NEVIN Group

Who We Are

NEVIN TRADING is an internationally active commodity trading and business development house. We operate across food, energy and industrial supply chains, partnering with refiners, millers, plantations, manufacturers and institutional buyers in more than thirty markets.

Mission

To channel reliable supply, structured finance and trusted intermediation between global producers and the institutions that move the world's essential commodities.

Vision

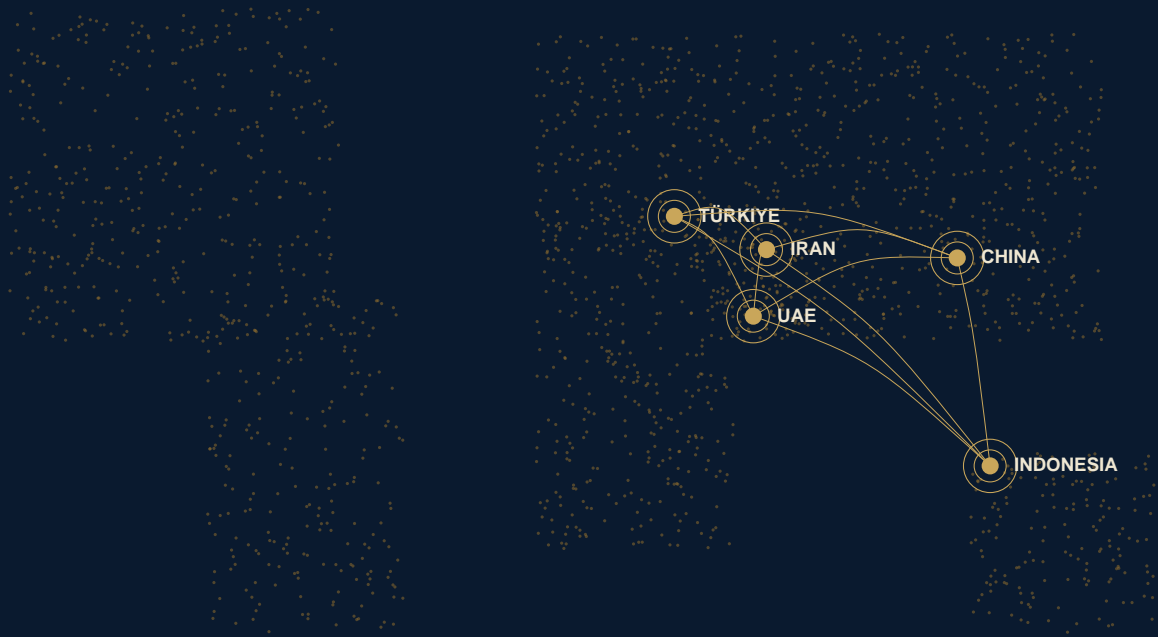

To become the reference trading partner connecting Eurasian, Middle Eastern and Southeast Asian commodity corridors with uncompromising standards of execution.

Core Values

Integrity. Discretion.
Long-horizon partnership.
Operational excellence. Cultural fluency across the markets we serve.

Global Presence

NEVIN operates through a network of offices, agents and logistics partners spanning five strategic geographies — anchored in Istanbul, extending across the Gulf, Iran, Indonesia and the industrial corridors of China.

Procurement & Logistics

Group Structure

The NEVIN Group operates through five specialised entities, each focused on a distinct vertical of commodity trading, currency intermediation, healthcare distribution and industrial supply.

Our Services

Commodity Trading

Origin-to-destination physical trading across food, energy and industrial verticals.

Global Sourcing

Vetted producer networks across Asia, Africa and the Middle East.

Procurement

Institutional buying programs with full documentary control.

Trade Facilitation

Logistics, inspection, insurance and documentary execution.

Business Development

Market entry, joint ventures and distribution architecture.

Trade Finance Support

LC, SBLC, BG structuring through tier-one banking relationships.

Indonesia Sourcing Desk

Our Indonesia desk operates as a dedicated origination platform serving global buyers seeking direct access to Southeast Asian plantations, processors and export terminals.

Trade Finance & Structured Transactions

NEVIN partners with tier-one financial institutions to structure documentary, collateral and balance-sheet solutions that de-risk cross-border commodity transactions for buyers, sellers and intermediaries.

LC

Documentary Letters of Credit — sight, deferred and acceptance structures.

SBLC

Standby Letters of Credit for performance and payment assurance.

BG

Bank Guarantees structured against transaction milestones.

Structured Trade

Receivables, warehouse and pre-export financing facilities.

Procurement Progra

Multi-tranche institutional procurement under documentary control.

Business Opportunities

We invite strategic partners, investors and institutional buyers to engage with the NEVIN Group across the following platforms of cooperation:

Strategic Partnerships

Long-term cooperation across origin, processing and distribution.

Joint Ventures

Equity-aligned vehicles for market entry and capacity build-out.

Distribution Networks

Regional master-distributor mandates across the Gulf and Eurasia.

Institutional Supply

Multi-year programmes for state buyers and large industrial offtakers.

International Procurement

Mandated sourcing for sovereign and corporate procurement bodies.
